- ❖ In summary, I'm passionate about **frontend development** and continuously strive to enhance my skills to deliver innovative, impactful user experiences.

ACADEMIC PROJECTS

- ❖ **E-commerce Website (Order My Book)**
- ❖ **Project URL : https://ordermybook.netlify.app**
- ❖ **About This Project :**

    "Order My Book" is a static and responsive e-commerce website hosted on Netlify. It provides an easy-to-navigate interface for users to browse and purchase books online. The site is powered by modern web technologies including HTML for structuring the content, CSS for styling the layout and appearance, and JavaScript for interactivity and functionality. Additionally, the website leverages the Bootstrap framework, a popular front-end library, to ensure a consistent and mobile-friendly design across devices. Through these technologies, "Order My Book" offers an efficient and user-friendly platform for book enthusiasts to discover and buy their favorite reads.
